

Keep it SIMPLE with Business Simple

Voice services are an integral part of your business. Employee call management, lengthy bill review and service troubleshooting are not. Using our highly reliable fiber optic network and the newest technologies, Northland provides an unlimited local and long distance calling solution coupled with high speed internet bandwidth for customers that want to keep it simple. Features include:

- + Unlimited Local Calling
- + Unlimited Domestic Long Distance
- + A Static IP Address
- + Calling Line ID
- + 75 Mb Internet Upload Speeds
- + 25 Mb Internet Download Speeds
- + Designed for Small Businesses
- + Locally Maintained

Business Simple Packages - All packages include 25 Mb internet bandwidth and up to 10 lines available. Packages include (1) static IP address and Calling Line ID. Taxes and E911 charges excluded.

Ask us about increasing your upload and download speeds to 100/50 Mbps or 150/75 Mbps.

Northland Communications Fiber Network is now available in many areas throughout the **Mohawk Valley** and **Central New York**. Call now for availability and a free quote: **315.624.2000**.

MAKING THE SWITCH IS SIMPLE.
