

NEW FEATURE - SMS MESSAGING

Reach more people with our new SMS messaging service!

What is SMS?

- + SMS stands for Short Message Service (MMS is currently not offered)
- + A message you can send from your Max UC applications to mobile devices.
- + It appears as a text message on the recipient's phone.
- + Mobile users can send a text message to your account telephone number and it is delivered to MaX UC as an SMS chat.
- + Available for all Standard and Premium Users on our Business Unlimited platform

Here's how!

Enter a Mobile Number

- + In the Accession app, enter a mobile telephone number.
- + Select the SMS bubble to open the chat window.

Choose a Pre-programmed Contact

- + Search for a contact.
- + From the Contact card, click on the keyboard to open the chat window.
- + If the contact has MaX UC, click IM to switch between IM and SMS.
- + Type your message and hit enter to send.
- + Your message is received as a text message displaying your account telephone number.
