

**A UNIFIED
COMMUNICATIONS
SOLUTION FOR YOUR
ENTIRE CAMPUS**

Increase **collaboration** with a **cloud-based** technology solution

One of the best solutions to ensure your campus stay up-to-date and meets ever changing demands of modern technology is moving to the cloud. Our Business Unlimited technology provides a platform to easily communicate and increase collaboration between your students, your staff, and your administration while keeping costs down, offering more value to students without raising tuition.

Business Unlimited allows you to utilize resources and hardware you already have while expanding your capabilities. You can connect faculty and students, easily collaborate between campuses, and streamline your admission process. It takes into consideration the fast-paced, on-the-go lifestyle of today's college students with features and simple integrations such as mobile apps.

**“Business Unlimited
is powered by the
same technology as
Zoom, Ring Central,
and 8x8.”**

Our Business Unlimited solution allows you to mobilize, unify, and transform your campus with just one click. That means you can engage with anyone, anytime, anywhere, in any channel using any device, while having all the features you have come to expect from national competitors.

WHAT YOU CAN EXPECT WITH NORTHLAND'S BUSINESS UNLIMITED SOLUTION

+ **Mobility:** Expand traditional classrooms with video communications to meet the growing needs of today's students.

+ **Reliability:** Fully encrypted, end-to-end

+ **Security:** Northland runs on Arista, giving our customers the highest security in the industry. It gives us better support in seconds and increases access to care when needed most

+ **Partnership:** When teaching future generations, you don't want to be just a number. You need a partner who knows you, your campus, and your community.

+ **Local Support:** 24/7 support with 1-hour response times and local technicians who are minutes away

+ **Real People:** No waiting in long call queues or dialing 1-800 numbers. Talk with a real person, every time

***Are you ready to transform your
telecommunications solution?***

TECHNOLOGY TAILORED TO YOU

Customize your solution to meet your needs! Mix and match our three licensing tiers.

Premium User: Ideal for switching seamlessly between remote and classroom work. This feature rich license exclusively offers our virtual meeting solution, MaX Meeting.

Standard User: Designed for the on-the-go user, this license mobilizes your phone system with our MaX UC soft-phone client. Users gain access to mobile and desktop phone applications.

Value User: Perfect for your primarily office-based staff, this license features our cloud-based VoIP desk phones and CommPortal self-management tool. All customized to your business needs.
