PACKAGE CONTENTS YEALINK W76P

The Yealink W79P DECT IP phone consists of one W70B base station and one W56H handset.

W56H Handset

W70B Base Station

Two Power Adapters

Base Stand

Ethernet Cable

Battery Cover

Rechargeable Battery

Belt Clip

USB Charging Cradle

Quick Start Guide

Handset Protective Case (Optional)

CONNECTING THE W70B BASE STATION

YEALINK W70B BASE

BASE POWER ADAPTER

ETHERNET CABLE

You have two options to power the base station. Your System Administrator will advise you which one to use.

- + AC power (Optional)
- + Power over Ethernet (PoE)

NOTE: Pay attention to the radio coverage of the base station. It is up to approximately 1000 feet in unobstructed outdoor areas and up to approximately 165 feet inside buildings. Do not set up the base station in a damp room, and keep it away from water.

AC Power (Optional)

- + Connect the DC plug on the power adapter to the DC5V port on the base station and connect the other end of the power adapter into an electrical outlet.
- + Connect the included or any standard Ethernet cable between the Internet port on the base station and the Internet port in your network or the switch/hub device port.

NOTE: The base station should be used with the original power adapter (5V/600mA) only. The use of a third-party power adapter may cause damage to the base station.

Power over Ethernet

- + Connect the Ethernet cable between the Internet port on the base station and an available port on the in-line power

NOTE: If in-line power is provided, you don't need to connect the AC adapter. Make sure the switch is PoE compliant.

IMPORTANT! Do not remove the power and network to the base station while it is updating firmware and configurations.

SETTING UP THE W56H HANDSET

W56H HANDSET

CHARGER CRADLE

RECHARGEABLE BATTERY

HANDSET POWER ADAPTER

Insert the battery

- + Open the battery cover on the back of the handset.
- + Insert the battery and press it down.
- + Close the battery cover.

Set up the Charger Cradle

- + Connect the USB plug on the charger cradle to the DC5V port on the power adapter.
- + Connect the power adapter to an electrical outlet.

Charge the handset

- + After setting up the handset and charger, place the handset in the charger.
- + The handset battery takes about 3 hours to fully charge. The charging status is displayed on the top right hand corner of the LCD screen.

Attach the Belt Clip

- + Push the clip onto the back of the handset.
- + Insert the clip into the designated notches in the handset.

W70B BASE STATION FEATURES

After the base station starts up successfully and the handset is registered to the base station, all LEDs on the base station will illuminate green in sequence.

- Paging Key** - Locates a misplaced handset.
Toggles the registration mode.
Resets the base station to factory settings.
- Registration LED** - Indicates the mode of the base station.
 - + Fast flashing green - paging mode.
 - + Slow flashing green - registration mode.
 - + Solid green - there is at least one handset registered to the base.
 - + Off - the base is powered off or no handsets are registered to base.
- Network Status LED** - Indicates the network status.
 - + Slow flashing green - network is unavailable.
 - + Solid green - network is available.
 - + Off - base is powered off.
- Power Indicator LED** - Indicates the power status of the base station.
 - + Slow flashing green - base is going through a firmware upgrade.
 - + Solid green - base is powered on.
 - + Off - base is powered off.

IMPORTANT NOTE: If installing multiple base stations, they must be at least 6 feet apart.

DIRECTORIES

There are two types of directories on the Yealink Cordless phone:

- + **Local Directory:** Specific to that handset only.
- + **Network Directory:** Usually maintained by your System Administrator + available on all handsets.

TO ADD NUMBERS TO THE LOCAL DIRECTORY:

- + Press **OK** Key
- + Highlight and Select **DIRECTORY** Icon.
- + Select **LOCAL DIRECTORY**.
- + Press **OPTIONS** Softkey. Screen says "New Contact".
- + Press **OK** Key.
- + Enter first and last name.
- + Scroll and Enter work/mobile/other phone numbers.
- + Press **SAVE**

TO SEARCH DIRECTORIES:

- + Press **OK** Key
- + Highlight and Select **DIRECTORY** Icon
- + Select **which directory to search**
- + Begin spelling the name on the dial pad

NOTE: When searching, press the key the correct amount of times to get the appropriate letter. For example, if searching for a name that begins with an "S", you must press the 7 key four times. It's not necessary to enter an entire name when searching. EX: if searching for "Stephanie", you can enter STE, press SELECT, and you will receive the results for all names that start with STE.

HUNT GROUPS

When you are a member of a group (Hunt group or iACD), your account phone is programmed to ring when a choice is made from an automated attendant or when the hunt group number is dialed. You may be required to log in to the hunt group to receive calls. You can log in to a group from any device that your account phone number is active on, or from CommPortal. See the CommPortal User Guide.

If you are a member of more than one group, you will need to know the group number in order to log in and out of the individual groups. If you do not know your group numbers, you can obtain this information from the System Administrator.

- + **To log in:** Dial *44, enter the group number and press #. If you are a member of multiple Hunt Groups you will need to log in to each group individually.
- + **To log out:** Dial *44. If you are a logged in to multiple Hunt Groups, the system announces how many groups you are logged into and will prompt you to press 0# to log out of all hunt groups, or to enter the hunt group number followed by # to log out of an individual hunt group.

VOICEMAIL

The voicemail system is voice prompted with easy to follow instructions and commands. You must initialize your mailbox for the first time by creating a password, recording your name and recording a greeting.

FIRST TIME VOICEMAIL SET UP

To set up your voicemail for the first time:

- + Dial *99 and press TALK/ANSWER.
- + Enter the EAS Pin provided by the System Administrator.
- + Follow the audio instructions to create a password, record your name and record your personal greeting

MAILBOX GREETINGS

There are multiple greeting types available for you to choose from:

PERSONAL	Plays to everyone that calls you.
EXTENDED ABSENCE	Plays when you will be away from your office or phone for meetings/vacation, etc. You can turn off message acceptance when using the extended absence greeting. System will remind you Extended Absence Greeting is playing.
SYSTEM GENERATED	A synthesized greeting. This can be set up to include your telephone number or recorded name.
BUSY	Plays when you have active calls on all available lines.
OUT OF HOURS	Can be set to play outside of your normal business hours, weekends and holidays.
FORWARDED TO VM	Plays when you have your phone set to forward to voicemail.

VOICEMAIL AND THE SELF SERVICE SUBSCRIBER COMMPORTAL

Through the Self Service Subscriber CommPortal, you are able to:

- + Record and change greetings.
- + Choose your voicemail to email options.
- + Change your login for voicemail so you are not required to enter your mailbox and pin each time you log in from your own telephone.
- + Change other voicemail and telephone settings.

Please refer to the Self Service Subscriber CommPortal User Manual on the Northland Communications website for full details.

LOG IN TO VOICEMAIL

From any internal extension:

- Press *99 and press TALK/ANSWER Softkey
- Enter your 10 digit telephone number and press the # key
- Enter your password and press the # key

From any external telephone:

- **Dial:** 315-671-0031
- Enter your 10 digit telephone number and tap the # key
- Enter your password and tap the # key
